

Janta Clinic

Swasth Rajasthan.Samardh Rajasthan

- Public health is always in the priority of Government of Rajasthan.
- Rajasthan Government is going to initiate the project 'Janta clinic' to improve health status of underserved & vulnerable population of the state and to provide high-quality IT-enabled primary health care services reach every vulnerable person of the state.
- The objective of the project is to provide high-quality primary healthcare services along with provisions of free drugs, free diagnostics and consultation/treatment facilities with use of technology and innovations.
- These clinics will provide primary health care with provisions of drugs, diagnostics and treatment along with systematic referral linkages to secondary and tertiary care health facilities. Janta Clinic is a step towards ensuring universal health care to achieve health for all in the state of Rajasthan.
- Janta clinic will be established in urban underserved (slum/dense) areas. Each clinic will be linked to nearby PHC/UPHC and will provide its service in hard to reach areas to cater more than twenty thousand population. Implementation will take place through shared responsibilities of the Department of Health and Family Welfare and supporting partners.
